*TIGG is a Certified Small, Woman-Owned Business*

**T**IGG has more than 35 years of experience providing a broad range of systems, equipment and services for the removal of trace contaminants from air and water. We've helped companies and government clients fulfill contracts at job sites all across the country.

Not only does TIGG manufacture air and water purification equipment, steel tanks, pressure vessels and air receivers, we offer technical know-how, creative strategies and reliable support.

Quality TIGG products can be found by visiting the GSA Advantage website or [TIGG.com](http://TIGG.com).
